

ALL READY TO PRESENT TREATY TO GERMANS

Small Powers are Appraised of Contents—Terms Hard

(By the Associated Press.) All is in readiness for the presentation Wednesday afternoon of the peace treaty to Germany. The small powers have been apprised of the contents of the document. All that remains to be done is to call the German delegates before the peace congress at Versailles and hand them the treaty.

The terms will be hard for Germany, but it is asserted that there is but one road for her to follow if she is to obtain what her spokesmen have so frequently declared she so ardently desires—the return of peace and the chance to rehabilitate herself economically. Acquiescence even to a demand for the trial of their former imperial master William Hohenzollern, which is understood to have been incorporated in the treaty is to be required.

Reports have it that the steps for the complete economic isolation of the country are being considered if Germany's representatives should decline to affix their signatures to the treaty.

There is still dissent among the allied and associated powers over some provisions of the treaty. Chief among the objectors is Italy with France and the Dalmatian coast the point of dispute. Italy's chief delegates to the peace conference did not visit Versailles Tuesday afternoon when the treaty was read to the smaller powers but are expected to be present Wednesday. Their credentials have been handed to the Germans.

The Italians were represented Tuesday by Signor Crespi, who made reservations concerning all provisions of the peace treaty which are not acceptable to Italy.

The Chinese delegates have reiterated their protest concerning the disposition of Kiao-Chau and Portugal has placed himself in the role of a dissident by expressing dissatisfaction against the treatment accorded the republic. Marshal Foch, generalissimo of all the allied armies in the great war, has expressed opposition to the treaty as it stands and declared the military security given France is inadequate. The treaty however, as formulated is to be placed in the hands of the Germans according to the latest reports from Paris.

Allied troops including a small detachment of Americans, have defeated the Bolsheviks and captured the town of Mesalskaya in Northern Russia. On the Archangel front the first allied river flotilla has reached the fighting front.

The independence of Finland and the de facto government in that country have been recognized by Great Britain according to an announcement.

PAWNBROKER FAILS TO IDENTIFY REDDISH
ST. LOUIS, May 6.—A St. Louis pawnbroker late today failed to identify Dr. Horace A. Reddish, under arrest for the murder of his wealthy father, Stephen M. Reddish, as the man who pawned a revolver in his shop April 29.

The discovery of the pawn ticket on the doctor's person led to his arrest, police said. Dr. Reddish said he found the ticket.

Dr. Reddish tonight announced he would establish an alibi that he slept with John Mackeldon, every night three weeks prior to and on the night the murder was supposed to have been committed. Mackeldon said he would support the alibi.

Mrs. Reddish who is confined in an Alton hospital and Clarence G. Reddish, a brother, expressed the belief Dr. Reddish had no part in the murder.

Anti-American Campaign in Japan Press Continues

TOKIO, May 7.—(By The Associated Press.)—The anti-American campaign in the Japanese press continues with renewed force. Up to the present no serious overt acts have been committed against American or American property.

Representative Japanese deplore the press campaign and have begun to criticize the government for its failure to check the literary outbursts, on the ground that they are going so far that they are liable to engender ill-feeling.

The participants in a mass meeting held Sunday, at which some anti-American speeches were delivered announced their intention of continuing the demonstration in front of the American embassy. The police, however, interfered and prevented this step. The belief is expressed here that the growing influence of the United States in international affairs as evidenced by her position at the peace conference and that it will act as a curb on what are regarded as Japan's aspirations in China and Siberia. After declaring that renewed attempts for anti-Japanese legislation on the Pacific Slope indicated that the Americans persecute Japan in everything while wearing the mask of liberty and fairness, the Hochimibaru charges the Americans with having "incited the Chinese to make the secret treaties public and also accuses American missionaries of fomenting the Korean insurrection."

The Yoru Zu Choro says the Americans responsible for attempts at anti-Japanese legislation are nothing better than Barbarians, that their actions are more despicable than those of the Germans, whose barbarities they attacked.

"Hypocrite," "despot," "transformed Kaiser," "man with the voice of an angel but with the deeds of the devil," are some of the epithets applied by the newspapers to President Wilson.

Today's newspapers print articles accusing Americans and British in China with exciting the Chinese to the recent Chinese-Japanese agitation in Peking, based on the Japanese victory at the peace conference on the question of Shantung. The aim is declared to be the rooting out of Japan's superior rights in China and substituting their own influence.

At a meeting of the Kokumint party held in Osaka a resolution was passed declaring that recognition of the Monroe Doctrine by the league of nations should be interpreted as recognition of Japan's predominance in the far east.

APPROVE SALE OF TWELVE ARMY CAMPS
Washington, May 6.—Approval of the sale of twelve army camps—eight national guard sites and four small miscellaneous camps—for a total of more than \$548,000 was announced today by acting Secretary Crowell. War department officials evidenced satisfaction with the results obtained, the material covered by the sale consisting almost exclusively of hastily constructed buildings and some stored equipment. The government has reserved for its own use the base hospitals and storage warehouses.

Forty-four bids were received from 35 individuals and corporations, the largest single proposal being from one large wrecking company which offered to take all the camps for a price approximating \$540,000. This proposal was rejected largely because of the desire of the department to turn over to cities adjacent to certain camps, the sanitary and other utilities which could be used advantageously for the benefit of their population.

TROOPS OF 29th RETURN
Newport News, Va., May 6.—The Transport Madawaska arrived here today with the 11th infantry regiment of the 29th blue and gray division, numbering approximately 2,200 officers and men and composed largely of national guardsmen from New Jersey.

GOVERNMENT LOSS IN OPERATION OF ROADS INCREASES

Director General Discusses Recent Railroad Earnings

WASHINGTON, May 6.—Director General Lines in a discussion of recent railroad earnings tonight disclosed that:

The government's deficit in operating the railroads for the first three months this year, or the difference between net earnings and one fourth of the guaranteed annual compensation was about \$192,000,000 for all roads under federal management. The government's loss for 1918 was \$226,000,000.

The entire government loss incurred in fifteen months of federal operation was \$418,000,000. Marked reductions of freight traffic under records of similar periods of the last two years were responsible for the bad financial showing and conditions in April, tho tho not yet reported fully show a promise of improvements.

Despite the big government deficits the director general does not contemplate any general increase in the level of rates but prefers to wait restoration of normal business conditions.

The government also incurred a deficit of about \$14,540,000 in eight months operation of the American Railway Express Company, the Consolidated express corporation up to March 1, 1919.

"The present favorable results naturally lead to agitation of the question whether there ought to be an increase of rates," said Mr. Hines. "My own judgment is that the present conditions are too abnormal to serve as a basis for any general change in the level of rates and that it is preferable to later action on that subject until there shall have been an opportunity to get a more normal measure of the conditions meanwhile resorting to every practicable economy, studying the situation with the greatest care, and keeping the public fully informed as to developments."

The deficit of \$192,000,000 incurred by the government in January, February and March, as figured by Mr. Hines, greatly exceeded the estimate made public earlier in the day by the bureau of railway economics, because Mr. Hines calculated the guaranteed compensation for the three months as three twelfths of the annual compensation. The bureau of railway economics calculated each month's share on the basis of the average for that month in the three pre-war years. The railroad administration figures also included small roads, not included in the so-called Class One which are under government control and also expenses of the central administration and cost of operating inland waterways.

Mr. Hines explained that his system of calculating tended to show the railroad administration's position at a disadvantage for the first three months, but added:

"Still it seems preferable to charge a full one twelfth of the rent into each of these months rather than to run the risk of an impression arising that there is any disposition to understate the actual results."

SOLDIER SUICIDES
Camp Grant, Ill., May 6.—The body of Private Nicholas Roupard was found hanging from the limb of a tree at Camp Grant this morning. Comrades of Roupard said he had been despondent over his failure to obtain a discharge from the army.

Camp records show Roupard's emergency address to be 247 Randolph North, Detroit, Mich., the home of a friend.

Finish Phone and Telegraph Rate Arguments

WASHINGTON, May 6.—Arguments in the telephone and telegraph rate cases involving the authority of the postmaster general to increase intra-rate toll rates were concluded today in the supreme court and the cases taken under advisement. In view of the importance of the question involved both in the wire cases and railroad rate cases argued yesterday it is believed the court will render decisions in the two cases before entering upon the summer adjournment next month.

The court before recessing today until May 19, issued an order permitting the postmaster to continue to charge increased telegraph rates in Illinois and temporarily stayed the carrying into effect of injunctions issued by Federal Judge Landis, enjoining the postmaster general from making the increase effective.

The order which was announced by Chief Justice White remains in effect until the appeals have been finally disposed of and continues in operation a similar order granted by the lower court for the purpose of permitting the appeal to be brought.

Attorneys making arguments today included Raymond S. Pruitt, assistant attorney general of Illinois, in behalf of proceedings attacking the postmaster general's order. Henry S. Robbins of Chicago, made the closing argument for the government.

Attorneys representing the states contended that adequate provisions had been made by the rates for determining the justness of intra-state wire rates.

Mr. Robbins contended that congress conferred "one man power" upon the president to enable him to take over the sources of the country for a successful prosecution of the war and that he or his agents are ample authority to fix rates.

FIND BODIES OF OFFICERS IN BRUSH

KANSAS CITY, Mo., May 6.—The bodies of Sheriff Joseph C. Tolbert and Deputy John McDonald of LaPayette county, both dead probably since Sunday night, physicians said, were found today in the underbrush seven miles southeast of Lexington, Mo.

There were bullet holes thru the heads of the two men and their bodies indicated they had been badly beaten.

James C. Stableton, another deputy, fatally wounded, was found near the two dead men. He was taken to the hospital at Lexington.

A posse began searching for the officers yesterday after their motor car had been found abandoned and blood stained near Independence, Mo. The officers had left Marshall, Mo., Sunday to bring three suspected automobile thieves to Kansas City.

No trace has been found of the prisoners.

ROME, May 6.—The departure of Premier Orlando and Foreign Minister Sonnino for Paris is taken by the Italian press as indicating that they have had from the peace conference assurances that the Italian problem would be discussed with a new spirit in the view of satisfying Italian aspirations. The excitement of the past week is subsiding throughout the country.

PARIS, May 6.—(By The Associated Press.)—The clause regarding responsibilities which was not acted on at the previous session of the plenary conference it is understood has been incorporated in the final draft of the treaty. This provides for the trial of former German emperor for a "substantive offense against international morality and the sanctity of treaties," by a tribunal composed of representatives of the United States, Great Britain, France, Italy and Japan.

AWARD CONTRACTS FOR HIGHWAYS

SPRINGFIELD, Ill., May 6.—Contract for the construction of various sections of the Lincoln and Dixie Highways today were awarded by the department of public works and buildings. The cost of construction averaged about forty per cent higher than pre-war prices. The high cost of work is based on higher prices for material and a ten per cent increase in freight rates.

One third of the increase of cement and about two thirds is partly due to increased labor and equipment cost of construction and partly to increased cost of stone and gravel. The road building program consists of federal aid roads aggregating about 650 miles and consisting of the old Cumberland and National trail in the southern part of the state running from the state line near Terre Haute to St. Louis; the Dixie Highway near the eastern line of the state from Chicago Heights to Danville; the Chicago, Ellet, Ottawa, LaSalle, Peoria, Springfield, Carlinville, Edwardsville and East St. Louis; the Lincoln Highway from Chicago to Fulton and the Wisconsin road from Niles to the Wisconsin line north of Zion City.

Half the cost of these roads will be paid for by federal government and the other half by the state from automobile license fees and county bond issues. The awards are on a basis of \$27,900 a mile on the average for an eighteen foot cement concrete road.

CHARGES BIG INTERESTS MADE THREAT TO BOARD

Head of State Board of Equalization Makes Charges

SPRINGFIELD, Ill., May 6.—Charges that three members of the state board of equalization had been approached by representatives of a big corporate interest who threatened to accomplish the abolishment of the board if the assessed valuation of the company's property should be raised were made before a joint session of the house and senate revenue committees by William H. Malone, president of the board late today.

"The name of the Pullman Company has been mentioned," declared Mr. Malone, "I am sorry."

Questioned by Senator John Daisey of Peoria, Malone gave the names of three board members, who, he said, had made affidavit to substantiate their charges, as Ed W. Hilker of Madison; Leonard Whitall of Chicago and Hez Henry of Camp Point. The affidavits would show Malone declared, that the men had been threatened with the abolishment of their jobs if they raised the valuation in question. Mr. Malone spoke of a conversation he had with Omar H. Wright, state director of finance, in which Mr. Wright was said to have expressed the opinion that the assessed valuation of the Pullman Company's property was too great. Mr. Wright was declared to have called attention to the alleged possibility that hostility of big interests might cause the elimination of the board by the legislature. Senator Daisey asked Mr. Malone if he believed that alleged emissaries of the Pullman company had been sent by Governor Lowden.

"I do not," replied Mr. Malone. "I have the highest respect for Governor Lowden and helped to elect him."

The hearing produced considerable heated interchange, particularly between Mr. Malone and Senator Daisey.

Immediately after the public hearing the senate revenue and finance committee reported out favorably, by a vote of seven to five, the Jewell bills providing for the abolishment of the equalization board and the creation of a tax commission to be named by the governor. The house revenue committee met but took no action.

The vote in the senate committee on the Jewell bills was as follows: For the bills—Senators Daisey, Jewell, Buck, Dunlap, Sadler, Manny, Hewitt; Against the bills—Senators Lantz, Campbell, Glackin, Canada, McNay.

Mr. Malone in the public hearing said the assessed valuation of the Pullman Company had been increased \$5,500,000 by action of the board of equalization, meaning an increase of \$317,000 in taxes.

Speakers for the administration tax commission bill were Representatives H. S. Hicks, Douglas Sutherland of Chicago, representing the Chicago civic federation and Homer Seclis, a professor at Northwestern University.

John Glenn, secretary of the Illinois Manufacturers' association, said he did not oppose the principle of the bill but was unfavorable to capital stock assessments as provided in the measure.

Two bills were reported out of the house appropriations committee with favorable recognition as substitutes for the Smekal corporation franchise tax bill. That part of the measure relating to a tax amounting to two per cent of the gross premium of foreign insurance companies was left unchanged but incorporated in a separate bill. The franchise tax to apply against all corporations, was decreased from ten to five cents as provided in the measure.

Bills authorizing approximately \$90,000,000 for state and federal aid roads were reported out by the house appropriations committee with the recommendation that they pass. This includes the \$60,000,000 to be raised by bonds. Only a small proportion of the amount carried in the bills will be expended during the biennium.

A sub-committee of the house waterway committee headed by Representative McCabe was named by Chairman Gregory today to make a trip of inspection of the water route. Governor Lowden today vetoed the Castle bill giving soldiers and sailors honorably discharged preference on state civil service lists. In a veto message the governor said he could see no reason for exempting members of the student army training corps from the provisions of the measure and that the bill in some respects was ambiguous.

The house also passed bills appropriating \$35,000 for each of two monuments to be erected on the capital grounds, commemorating the memory of Richard Yates and John M. Palmer, for urged its abolition.

V Loan Passes Two Billion Dollar Mark

WASHINGTON, May 6.—The two billion dollar mark has been passed by the nation in its race toward the \$450,000,000 goal which must be reached by Saturday night. Subscriptions officially reported to the treasury tonight amounted to \$2,060,742,000, or 45.79 per cent of the quota sought.

Subscriptions by districts and percentages of quotas were announced by the treasury as follows:

District	Subscription	Percentage
St. Louis	\$142,322,000	75.1
Minneapolis	100,806,000	64.1
Chicago	379,500,000	56.1
Boston	197,560,000	52.6
Kansas City	92,241,000	47.3
Richmond	99,228,000	47.2
New York	557,300,000	41.2
Atlanta	58,570,000	40.5
Cleveland	182,115,000	40.4
Philadelphia	129,731,000	34.5
San Francisco	102,654,000	30.0
Dallas	27,613,000	29.2

The increase in the total during the last 24 hours was \$256,000,000 of which \$145,000,000 came from the New York district. This record falls short of the \$322,000,000 average daily subscriptions which must be piled up in the remainder of the week if the loan is to be subscribed fully.

The St. Louis district continued to lead in the percentage race to night but Minneapolis was reported driving its salesmen hard. Apparently St. Louis has drawn so far away from Chicago and Boston that there is little chance of either of these districts catching up.

Brooklyn, New York and Hartford, Conn., reported today they had exceeded their quotas.

The following in part are official reports by districts subdivisions:

St. Louis district:	\$18,591,000
Chicago district:	\$18,591,000
Cook County	\$69,093,000
Illinois	\$49,572,000

DESTROYER FOOTE DRIVEN AGROUND

TRESPASSEE, N. Y., May 6.—The destroyer Foote, one of the flotilla assembled here in connection with the American navy department's trans-Atlantic flight, went hard aground here early today. Naval officers said the ship was in no immediate danger and that they hoped to float her at high water.

The destroyer Maddox also drifted ashore, but her plight was not considered serious and she was expected to be floated soon. The tanker Hisko touched ground but was soon blown afloat.

GETS CRUX DE GUERRE

Camp Grant, Ill., May 6.—Private Maurice L. Mathey of Milwaukee, Wisconsin, has been awarded Croix de Guerre for bravery at Juvigny last September, according to information received at Camp Grant today. Mathey was a member of company F, 128th infantry and was honorably discharged here March 21.

HEALTH OF THE ARMY

Washington, May 6.—During the week of April 26th, 5,679 new cases of disease were reported among troops in the United States said a report today of the medical department of the army. New cases of pneumonia and influenza showed a marked decrease.

During the week 7,558 sick and wounded men were returned from France, but only 15 per cent of these required special attention.

TO FLY OVER MOUNTAIN
New York, May 6.—The first attempt to fly over the Sierra Nevada mountains will be made tomorrow by army aviators it was announced here today by army aviation officials. Lieut. J. M. Fetters, in a DeHavilland plane and Lieut. T. C. Curtis and William Beck in Curtiss planes will start from Curtiss Field, near Sacramento, Cal., for Ogden, Utah about 700 miles distant.

mer governors of Illinois
Governor Lowden in a statement tonight said that if members of the state board of equalization had been approached and told that if the Pullman company's assessment was increased the board would be abolished as charged before house and senate revenue committees today, the whole matter should be investigated.

"I did not know anything about the Pullman Company's assessment until I saw in the papers that it had been increased," said the statement, "I had never had word with any representative of the company, any member of the state board of equalization or subject either since I have been here or before I came here. If anyone represented the facts above stated (that the Pullman Company had approached board members) to members of the board of equalization, I am anxious as anyone that he should be punished. It has been common knowledge for many years that corporations did transact business with the state board of equalization, and that is one reason why I have urged its abolition."

SNOW FALLS IN DULUTH
Duluth, Minn., May 6.—Snow fell here this forenoon. A heavy east wind is blowing. This is not a record for the district as in 1903 snow fell to a depth of a foot early in June.

PLENARY PEACE CONFERENCE FINISHES WORK

Enormous Throng Watch Arrival of Delegates

PARIS, May 6.—(By The Associated Press.)—The plenary peace conference completed today its work so far as Germany is concerned and at a secret plenary session communicated the terms of the peace treaty to all the powers represented at the conference. This was the last act before delivery of the treaty to the Germans at Versailles tomorrow.

The session was held in the foreign office with the same setting and distinguished personnel as the previous public sessions except in the case of Italy today was represented by Dr. Silvio Ceschi, the former food administrator pending the arrival of Premier Orlando and Foreign Minister Sonnino tomorrow.

M. Clemenceau presided with President Wilson at his right and Premier Lloyd George at his left with the entire membership of the conference grouped around the table.

Enormous throngs surrounded the foreign office, watching the arrival of the delegates. Those who assembled within the building included Marshal Foch and the British vice admiral, Sir Rosslyn Weymss with their staffs. The session was a secret one. It is understood that Captain Andre Tardieu, representing France, explained the provisions of the document and was questioned from time to time the explanations being given full and free.

CHURCH ENTERTAINMENT.

Nothing shows the development
of the times in a more marked
way than the advertising of
church organizations and reli-
gious publications. The Christian
Herald had a page advertisement
in the Chicago Tribune yesterday
and it is now a common thing to
see large display advertisements
used for church organizations.
The churches have found the
value of this kind of publicity.

PREPAREDNESS AT
GREAT LAKES.

The general military and naval
program has not been outlined
for this country following the
league of nations settlement. But
evidently there are some friends
of preparedness who have a voice
in governmental affairs. It has
just been announced that on a
peace basis at least 30,000 men
will be in training at the Great
Lakes station.

BAD FOR THE I. W. W.

The time may come when I. W.
W. meetings will necessarily be
held in the open prairies, if at all.
The Chicago city council by un-
animous vote has passed a strong
resolution providing that no I. W.
W. meetings or conventions shall
be held in that city. It was Al-
derman Steffen who presented the
resolution. Evidently the Chicago
council is intent on redeeming the
loyalty record of Chicago. If ev-
ery city proves as inhospitable
to the struggle against the I. W. W.
will have gained lots of ground.

Perhaps, after all, Director
Hines of the railways and steel
manufacturers will get together.
The industries board recommend-
ed steel prices of \$45 and \$57 per

ton. It is now being quietly sug-
gested that Mr. Hines is willing
to pay \$43 and \$45. This isn't a
difference which it seems impos-
sible to bridge. No doubt Mr.
Hines has had some cable word
from Paris, that the members of
the president's family at home
should get together.

LIQUOR PRICES SOAR.

The ordinance the Jacksonville
city council passed two or three
years ago providing that every
person who desired to ship in
liquor must secure a permit has
been often criticised. Its repeal
has sometimes been suggested by
dry advocates, altho the measure
was intended to serve as a bar to
liquor shipments. But the re-
cords show that the situation is
adjusting itself.

Whiskey is now selling at \$12
a gallon and as one man expressed
it recently, "The beer sold is
little better than 'slop'". He
meant by that that the brewer-
ies seem to be working up all
their old stock preparatory to
quitting business at an early
date. And the quality has not
improved. The high cost of
liquor and the poor quality is cut-
ting down the local demand very
materially.

PREVENTION BETTER
THAN CURE.

The good health program that
is to be launched next week is a
worth-while undertaking. Too
many of the efforts of the past
have been to stop the spread of
disease and to make sick people
well. The purpose behind this
program is basic. It seeks to go
back to the source and to prevent
disease. That is much more
humanitarian, that is much
cheaper, it is much more sensible.
That other cities think well of
the health program is evidenced
in one of these cities within a
hundred miles of Jacksonville,
where a health officer is about to
be employed at a salary of \$3,000
per year. He is a physician with
experience in the sanitary depart-
ment of the army. The people of
that city believe that the \$3,000
will be well spent and that it will
be cheaper to promote health
rather than to provide for those
who become ill from neglect or
because of the failure of general
sanitary regulations.

JACKSONVILLE'S
BIG ENTERPRISE.

Unless the weather prevents an
informal but important cere-
monial will take place this morn-
ing, when ground is broken for

the dam and spillway. It is safe
to say that only those who have
visited the site of the proposed
improvement have any real con-
ception of how extensive is the
work planned. A look at the ac-
tual physical surroundings of the
pumping station, a glance at the
surveyor's stakes and an ex-
planation of the engineer's plans,
combine to give anyone a grasp of
the big enterprise that Jack-
sonville has launched.

A lake many times as large as
Morgan lake, stretching away to
the south west from the pumping
station, with beautiful natural
scenery surrounding it, is an en-
terprise which is quite in keeping
with the present general "atmo-
sphere of prosperity and "faith"
which today surrounds Jack-
sonville. It is probable true that
this is water supply undertaking
that is responsible for the special
prosperity and the general good
feeling that now attaches to Jack-
sonville.

THE BALLOON
HOAX RECALLED.

Naturally enough, says the
Christian Science Monitor, with
aeroplanes waiting for favorable
conditions to attempt trans-At-
lantic flight, somebody has been
reminded of how American citi-
zens were astonished, about
seventy-five years ago, by the
"news" that the feat had been
accomplished by Mr. Mason, Mr.
Robert Holland, and four others,
in the steering balloon Victoria.
Edgar Allan Poe wrote the story,
which was for a short time ac-
cepted as a truthful narrative,
and has since been famous in
newspaper history as the "Bal-
loon Hoax." Combining a re-
markable imagination with a
close adherence to the style in
which newspaper copy was then
written, he described the journey
with convincing detail, told of the
travelers, and the surprise of the
natives of an island where the
Victoria "make a landing." It
was a harmless enough hoax, pro-
vided one admits that any such
publication of a falsehood can be
altogether harmless.

THE LAST DRIVE.

The Victory Liberty loan is the
last.
Onemore big job to pay for the
victory—or the immediate de-
mands of victory—and Liberty
Loans will be history.
There must be no lagging by the
American people in this drive.
It is not a time for excuses.
The same spirit that character-
ized the last hour of fighting be-
fore the armistice went into
effect, must be shown by the stay-
at-homes for whom the Yanks
fought in France.
Here is the official report of
operations in those last few hours
of the war:
"The 3rd division advanced 3
kilometers east of Breheville. De-
spite increased resistance by ma-
chine gun and artillery fire, the
5th division continued to ad-
vance, capturing 18 prisoners, 3

large calibre guns, 6 minenwerf-
ers and considerable material.
In accordance with the terms of
the armistice hostilities on the
front of the American armies
ceased at 11 a. m."

The Yanks didn't shirk that
last job. Many gave their lives
with peace a matter of minutes
away. Every American at home
now has a chance to show his ap-
preciation of what the men at
the front did.

Rippling Rhymes
By Walt Mason

Good Workmen.

When I am sick, in punk con-
dition, when I am lame and blind
and halt, I hire the city's best
physician, then if I die it's not
my fault. The big physicians
charge like thunder, they charge
each time they draw a breath, but
they give value for the plunder;
they show us how to sidestep
death. When my old auto's in a
panic, with many doodads break-
ing loose, I hire the very best
mechanic that our small village
can produce. He has no con-
science when he charges, or so
oddsish, I sometime think; but he
can fix our boats and barges when
they are strictly on the blink.
Some other gent's might do it
cheaper, but when we count the
final cost, we find expenses run-
ning deeper; the tinhorn work-
man is a frost. The tinhorn work-
man badly botches all things en-
trusted to his care; he spoils our
paints and hats and watches, and
buckles when he cuts our hair.
When I decide to paint my stable
I'd hire a Titian at his best, some
grand old master, amply able to
make all rivals seem a jest. I
patronize the ablest baker that
in this country hamlet dwells,
and when I die my undertaker
must be the one who's wearing
bells.

MEREDOSIA SENIORS
GUEST OF JUNIORS

TWO NAVY FLIERS KILLED.

New York, May 5.—Ensign
Hugh J. Adams of Pittsburgh and
Chief Machinists' Mate Harold
Corey of Scranton, Pa., were in-
stantly killed at the Rockaway
Beach naval air station today
when the machine in which they
were in dived into a big hydro-
gen gas tank. The two men were
crushed to death beneath the en-
gine of the plane which crashed
thru the cockpit in which they
were sitting. Ensign Adams was
one of the oldest fliers in the
navy and Corey, altho he did not
hold a license, was rated as a
pilot.

county, Indiana, according to ad-
vices received here by B. W.
Snow. The Porter county disease
is said to have been diagnosed by
scientists from Purdue univer-
sity.

HAXTON TRIAL ON
IN COUNTY COURT

Judge Martin of Cass County is
Presiding—Many Witnesses
Summoned by State.

In the county court yesterday
with Judge Charles Martin of Vir-
ginia presiding, the trial of Walter
Haxton and Kate Haxton, charged
with selling liquor in anti-saloon
territory, was begun. State's At-
torney Robinson is conducting
the prosecution and the defend-
ant are represented by John M.
Butler. The jury hearing the case
includes L. Z. Virgin, Mike Casey,
A. R. Taylor, James Guinane,
Bascom Laird, C. M. Skinner, Aug-
ust Brockhouse, W. H. Coghill,
James Large, Otto Eckles, F. G.
Sims, J. W. Rawlings.

More interest attaches to this
case than any of the liquor pro-
ceedings on the docket, owing to
the fact of previous proceedings
in which the defendants have
been involved. A large number
of witnesses have been subpoen-
aed, including J. H. Elliott, G. L.
Kimber, Emil Wells, D. J. Staley,
Harley Adams, Walter Duckwell,
Perry White, Frank Kiloran,
Louis Freitag, Hattie Freitag,
Sheriff W. H. Weatherford, Judge
E. P. Brockhouse, W. B. Rogers,
Howard Stout, Leonard Casey,
Lyle Hare, Dean Carlisle, Alonzo
Windsor, Mrs. Lou Windsor,
John Reid, H. P. Obermeyer,
Messrs. Massey, Davis and Miller.
Mr. Obermeyer was subpoenaed
for the purpose of impeaching
the testimony of Carter Clark.
Messrs. Massey, Davis and Miller
are special investigators brought
here by the state's attorney from
Decatur.

A number of the witnesses were
summoned with the intent of
proving a prior conviction.

Don't forget the track
meet on College Field, Fri-
day, May 9th. The biggest
athletic event of the year.

MRS. MARGARET SOOY CELEBRATED BIRTHDAY

Was Given a Surprise Sunday on the Occasion of Her 82d Birthday—Murrayville News Notes.

Murrayville, May 6.—About thirty relatives of Mrs. Margaret Sooy gathered at her home Sunday and gave her a complete surprise. In honor of her 82d birthday. The guests brought well-filled baskets and a splendid dinner was served. Those present were Mr. and Mrs. E. M. Jennings and Mrs. S. F. SERG. ALLEN TAYLOR HERE ON FURLOUGH

Jacksonville Boy in Charge of Psychiatric Work at General Hospital No. 43, Hampton, Va., is Spending Furlough at Home Here.

Sergt. Allen Taylor arrived in the city yesterday for a brief visit with relatives and friends. The young man is having a ten days' furlough from his duties at the hospital at Hampton, Va. where he has been located since December 1, 1918. Sergt. Taylor left this city with the contingent on May 25th for Camp Shelby, Miss.

Later he was transferred to Ft. McPherson, Atlanta, Ga., and then to Hampton, Va. The hospital at the latter point was before the war used as a soldiers' home. It was used as a base hospital No. 43. There are between 1800 and 2,000 beds at the hospital and 1,000 of these will be reserved for use as a debarkation hospital.

Sergt. Taylor is in charge of the psychiatric unit at the hospital. The building occupied by the mental patients is one of four wards and there are now approximately eighty patients being cared for. The work is very interesting, according to Sergt. Taylor, but his close application to the duties of his position made a rest period desirable. Thousands of soldiers arrive daily at the camp, but they remain only long enough to be classified. Those who require treatment are sent to the base hospital nearest their homes and those who do not need medical attention are transferred to the camp nearest home.

The work which the Red Cross and Salvation Army are carrying on at the Virginia camp was most highly praised by the Jacksonville soldier. There are many different classes of amusement furnished by the government for the men and altogether the camp life is a very pleasant one.

DEATHS

Bauer.
Mrs. Oscar Bauer passed away Tuesday morning at 7 o'clock at the home of her father and mother-in-law, Mr. and Mrs. Eli Bauer, in Meredosia. The deceased prior to her marriage was Miss Maude Hemphill and she was twenty-eight years of age at the time of death. She is survived by her husband, Oscar Bauer, together with two small sons. The family resided in Beardstown until a month since, when their home was established at Meredosia. The deceased last November suffered an attack of influenza which later developed into tuberculosis of the throat, and her health had gradually failed until her death came, as noted above.

The funeral service will be held at the family home in Meredosia Thursday afternoon and interment will be in the cemetery there.

ONE DAY AS UMP ENOUGH

Chicago, May 6.—One day as an umpire in the Three Eye League was enough for Frank W. Driscoll, of Chicago. After acting as arbiter in the opening game yesterday, Peoria at Bloomington, during which he had many disputes with the players, Driscoll retired at the end of the game and wired his resignation.

SIST DIVISION TO RETURN.

Washington, May 5.—General Pershing informed the war department today that the 81st (North Carolina, South Carolina, Florida and Porto Rico national army) division has been ordered to prepare for return home. No sailing date for the division has been fixed and the general said the order to it, "would not change the announced order of the departure of divisions from France."

TO DISCUSS SHIP BUILDING QUESTIONS

WASHINGTON, May 6.—Pacific Coast shipbuilders were asked today by Chairman Hurley to date and discuss with the shipping board the question of replacing cancelled contracts and adjusting payments to be made in connection with the construction of ship yards as a war emergency.

Hurley said all questions involved in the Pacific Coast shipbuilding program would be discussed at the meeting. It is understood that the board expects to award additional contracts to the Pacific Coast yards because of the excellent record made by them during the war. No date was set by Mr. Hurley in his telegram of invitation. It was said that the board would confer any date convenient to the shipbuilders.

DEMONSTRATION A FAILURE.

Buenos Aires, Sunday, May 4.—Today's anarchist demonstration was a flat failure as a result of the activities of the vigilance committees, which in spite of the announced suspension of the anarchist plans, for a manifestation took up positions in all the plazas to prevent informal gatherings.

RED GUARDS MASTERS.

London, May 5.—Finnish red guards now are masters of the situation at Petrograd, according to a dispatch from Copenhagen to the Mail. They have arrested members of the Danish Red Cross in that city and it is reported they intend to march against the Finnish white guards.

QUAKE LOSSES HEAVY.

New York, May 5.—Private telegraphic advices received here today indicated that the losses in a recent earthquake in San Salvador are heavier than was at first supposed, particularly in the city of San Salvador.

REMOVE RESTRICTIONS.

Washington, May 5.—Restrictions on the export of silver and standardization of the price at \$1.011-2 per fine ounce were removed today by the federal reserve board thus in effect establishing a free market for silver in the United States and throughout the world. War time restrictions were imposed last August 15.

HUGHES' CONDITION SAME.

New York, May 5.—Physicians attending the Rev. John J. Hughes, head of the Paulist order in the United States said today there has been no change in his condition which last night was declared to be serious after five weeks of suffering from a general breakdown. Father Hughes has been unconscious most of the time for two days.

ADOPT RESOLUTIONS.

Atlantic City, N. J., May 5.—The National Bottle Manufacturers' association in annual session here today adopted a resolution calling upon the federal government to restore the railroads to their owners at the earliest possible moment and to suspend all restrictions on the manufacture and sale of light wines and beers and other beverages containing less than the root ratio of alcohol.

WANT INCREASED PAY.

North Adams, Mass., May 5.—About six hundred employees of the North Adams Manufacturing company, Blackinton Company and Hoosac Worsted Mills went on strike today to enforce demands for a 48-hour week, 52 hours' pay and time and a half for overtime. The mills now operate on a 58-hour bases.

PROTEST AGAINST FIGHT

Toledo, O., May 5.—The Toledo Ministerial Union, composed of 150 pastors of churches in this district held a mass meeting this afternoon and protested against holding the Willard-Dempsey fight here on July 4. The union adopted a resolution condemning the fight as being in violation of state laws and those of humanity.

W. E. Crane vice chairman of the war industries board is here from Washington for a brief business visit.

LITERBERRY LADIES AID MET RECENTLY

Profitable Session of Baptist Ladies Aid Society Held at Home of Mrs. Abe Dinwiddie—School Closed Friday With Suitable Program—Other News.

Literberry, May 6.—The Ladies Aid of the Baptist church met on Thursday afternoon at Locust Grove farm with Mrs. Abe Dinwiddie, assisted by Miss Edith Swisher. Song, "Blest be the Tie that Binds." Scripture Reading, The Seed and the Sower by Mrs. Rexroat. There were several volunteer prayers by the members, and roll call was answered by "Mother's Day" readings. Business was disposed of and a short entertainment was given on Mother's Day. Memorial Day May Day and Swatting Time. There were expressions from several members on the first top of Mother's Day; Mrs. O. M. Peterson had a good reading and Mrs. Rexroat a reading entitled "Mother's Light."

The responses to May Day were given by Mrs. Guy, Mrs. Tal, and Mrs. Al Dunlap. Mrs. Abe Dinwiddie read a piece on planting time. There were many other good expressions on Memorial Day and the program was finished by Mrs. Ona Crum who disposed of "The Swatting Time" in a little poem.

Mrs. Durrell Crum furnished the piano music, of which the best number was "The May Day Frolic," which reminded one of a chorus of song-birds.

Refreshments were served at the proper time and were delicious and in great abundance. There were fifteen members present and the offering was \$3.00.

Mr. Murray of Ft. Dodge, Iowa is visiting his parents, Mr. and Mrs. W. E. Murray of Sunny Slope on Sweet Brier Avenue.

Rev. F. M. Crabtree pastor at Pisgah Union church, has sent out a last program to some of his Literberry friends announcing a "Mothers Day Service" on the eleventh at his church.

Landis Young is wearing a French cap from over the sea, a present from his cousin, Melvin Litter.

The Literberry school closed last Friday with an elaborate dinner at noon the teachers returning to their homes and the children out for a glad vacation.

WILL NOT PERMIT ADDRESS.

Columbus, O., May 5.—On the ground that meetings held in other cities to expound Socialist doctrines have created disturbances, city officials today ordered the police not to permit Scott Nearing, of Toledo, to address a Socialist meeting here tonight.

DROWNED IN TRYING TO SAVE COMRADE

Alfred Watts of Modesto Neighborhood Met Death Sunday Afternoon at Rohrer Station on C. P. & St. L.—Capsized Boat Cause of Catastrophe.

Waverly, Ill., May 4.—Alfred Watts, the sixteen year old son of Mr. and Mrs. Zeke Watts residing on a farm near Modesto, was drowned about 2 o'clock Sunday afternoon in the reservoir at Rohrer station, a pumping station on the C. P. & St. L., about 5 miles south of Waverly.

Young Watts, in company with Loran Eldred and Walter White of Modesto and Roy Thompson of Waverly, were rowing when their boat upset. Watts attempted to save Thompson, who had gone down for the second time, and was himself drowned. He wore a pair of heavy rubber boots and these proved a handicap to him in the water. The body was recovered about forty minutes later, located twenty feet from the shore.

The deceased was the second of a large family of children, all of whom survive. The remains were removed to the family home and announcement of the funeral plans will be made at a later date.

COUNTY'S YOUNGEST SOLDIER RETURNS

Geoffrey Wright, 17 Year Old Franklin Boy, Returns from Overseas Service—Mrs. James B. Wright Returns to Home in Franklin.

Franklin, May 6.—The many friends of Mrs. James B. Wright of this place are glad to learn that she has so far recovered from her recent illness that she has been brought to her home here after being confined at Our Savior's hospital for the past six weeks. Mrs. Wright's home-coming was gladdened by the joyful news contained in a telegram from her son Geoffrey saying that he had arrived safely from overseas on Sunday and would soon reach his home here. He has been in France for the past year and served in the capacity of bugler. He has been in the thick of the battle and went over the top twice and came out without a scratch. He is Morgan county's youngest soldier, being but 17 years old.

a fool separates himself from his money and furnishes his own separator and most any one can get a handful of it if he happens to be around when the bonehead has got the separator a rummin'. to get money from a wise man you have to do the separator and furnish your own machinery, yet the bonehead sometimes spends some of his money wisely and don't no it, and the wise gink spends some of his money foolishly and finds it out later on.

for instance, a wise man is always lookin' out for number one and ever now and then one of them reeds in his sunday paper from Chi that they are selling tires that will fit his buzz-wagon for steen dollars each which is some cheaper than he can buy them for in his home town, so he orders some and when he uses them awhile he finds out they are built like one of them there depth bombs, to blow up pretty quick. now the other gink never pays any attention to his tires and when they blow out he rushes into the first tire store in town and buys the best tire in the store and asks the price last, and he gets his money worth every time, because no regular tire dealer can afford to sell poor tires. neither can you raise dough nut trees by planting dough nuts, you get em at a bake shop, you always want to plant the home grown.

and say bill if a three wheeled vehicle is a tri-cycle and a one with two wheels is a bicycle, would it be proper to call a wheel barrow an icycle?

Yours truly Jack.

Public Should Demand Original Nuxated Iron

Physician Warns Against Danger Of Accepting Substitutes—Says That Ordinary Metallic Iron Preparations Cannot Possibly Give The Same

Strength, Power and Endurance

As Organic Iron—Nuxated Iron

The remarkable results produced by Nuxated Iron and its widespread sale (it being estimated that over three million people annually are today using it) has led to the offering of numerous substitutes, and these physicians mentioned below say that health officials and doctors everywhere should caution the public against accepting substitutes for Nuxated Iron, as these substitutes may be either not so good as Nuxated Iron, or they may be so good as to produce more harm than good. Those who feel the need of a strength and blood builder, should go to their family doctors and obtain a prescription for Nuxated Iron—Nuxated Iron—and present this to their druggist so that there may be no question about obtaining the proper article. But if they do not wish to go to the trouble of getting a prescription for Nuxated Iron then they should be sure to look on the label and see that the words NUXATED IRON are printed thereon.

There are thousands of people taking from who do not distinguish between organic iron and metallic iron, and these persons often suffer with weakness, nervousness, and lack of vitality, strength and endurance which they seek simply because they have taken the wrong form of iron. If you are not sure or well, you owe it to yourself to make the following test: becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength, and see how much you have gained.

FLOUR FOR GERMANY

John D. Cain yesterday called attention to the following dispatch which in a measure accounts for the fact that flour is both scarce and high:

Boston, Mass., May 2.—Each deeply laden with foodstuffs, the steamers Thermo and Vedic sailed April 29 for England, the former being bound for Falmouth and the latter for Liverpool. The cargo of the Thermo includes 187,000 bushels of rye, while in the holds of the Vedic, a White Star liner which has been used as a troop transport, are stowed 3,600 tons of grain, 600 tons of rolled oats, 1,000 tons of provisions and frozen poultry, and quantities of leather, tobacco, steel, binder twine and agricultural machinery.

Seven thousand one hundred tons of flour form the cargo of the steamer West Loquassuck, which was scheduled to sail April 30 for Falmouth. It is believed that this flour will eventually go to Germany. Agents of the steamer today said that they have no definite information as to her final destination. It is thought, however, that she will go to Hamburg or some other German port.

AISEY SCHOOL CLOSED

COL. OTIS DUNCAN IN CITY YESTERDAY

Veteran of the War Seeks to Organize Local Company of Colored Troops.

Col. Otis Duncan, who was with the 8th regiment Illinois colored troops overseas, was a visitor in Jacksonville yesterday. Col. Duncan has the honor of having been thru months of the fighting without even the slightest injury to himself. With other troops he was sent to Camp Logan and then overseas in March, 1918, as a part of the 73rd division. Subsequently when this division was dissolved his regiment was attached to French troops and went against the famous Hindenburg line. The men of the 8th were in the campaign of St. Mihiel and in the long and memorable contest at Soissons. Hundreds of the men sleep in the cemeteries of Europe and the regiment made a notable and loyal record.

Col. Duncan was in Jacksonville yesterday seeking to interest local men in the organization of a company in the national guard. The visitor found a number of colored soldiers who were enthusiastic over the prospect and expected to increase the interest in the plan. Col. Duncan has for a number of years been attached to the office of the state superintendent of public instruction and is one of the most substantial of the colored citizens of Springfield.

Mrs. L. J. Smith of Roodhouse arrived Tuesday to visit her sister, Mrs. William McLaughlin and family.

The city council met Tuesday evening, at which time the new mayor, George McLaughlin was installed. The following officers were appointed at the same time: David Cowick, Jr., city marshal; Lee Brown, night policeman; Abe Scott, street commissioner.

Miss Margaret Brengle left today for Chicago for a visit with relatives and friends.

W. E. Wells left Tuesday for Chicago on business.

CENTENNIAL HISTORY VOLUMES ISSUED

A number of Jacksonville people have received copies of the third volume of the Centennial History of Illinois, just off the press. The book covers the Civil war era, during the years of 1848-1870, and it is particularly appropriate that the frontispiece should be a reproduction of O'Connor's statue of Abraham Lincoln. The history is being published under the direction of the State Centennial commission at Springfield and the books are issued there. The personnel of the Centennial commission is such that the high quality of the history is absolutely assured.

Dr. Arthur Coale, assistant professor of history at the Champaign university, is the author of the third volume and his familiarity with the history of the state peculiarly fits him for the work. Dr. Coale has made a study of the social development of this great commonwealth and his story of the important period covered by the volume is terse and concise but at the same time ample. The three-volume history will be especially valuable by persons preparing club programs or assembling facts for an address and will also prove of great value to students.

COL. RICK ABBOTT DIED IN SPRINGFIELD

Col. Richard Abbott of Petersburg, better known to his countless friends as "Rick" Abbott, died in Springfield recently following an operation for appendicitis.

Col. Abbott was a brother of Mrs. F. A. McCarty formerly of this city, now residing in Quincy and has visited here many times. Dr. McCarty received word of Col. Abbott's illness while here for the funeral of Harold Johnson. His wife telephoned him of her brother's illness and Dr. McCarty waited here and took the evening train with her for Springfield.

Col. Abbott was a veteran of the Spanish-American war and has been identified with the state militia for many years. He was a lieutenant in the quartermaster's corps on the adjutant general's staff and a colonel on the governor's staff.

In company with his brother he operated the Abbott Light and Power company of Petersburg, which served power for many cities in Menard and Mason counties. He was president of the Business Men's association, Petersburg, and secretary of the Illinois Electrical association.

Col. Abbott was a man of many fine qualities and numbered his friends by the score. News of his death will be received with regret thruout central Illinois where he was so well and favorably known. His brother Albert of Petersburg is also reported quite ill in Chicago.

Funerals

DISCUSS NEW PLAN FOR PUBLIC WORK

Chamber of Commerce Directors
Heard Report of Committee on
Reorganization—Drawing for
Service Terms.

A meeting of the directors of the Chamber of Commerce was held last night. It was decided that another session will be held on Tuesday, May 20, and thereafter the first Tuesday in each month will be the regular meeting night. Henry Frisch, president of the organization, presided last night, with W. D. Doying serving as secretary. The principal business was the consideration of a report on reorganization submitted by a committee, consisting of F. J. Waddell, Cleon Bell, and Judge H. P. Samuel. The committee report, which is attached, was discussed in detail and adopted.

The directors drew lots for the one, two and three terms, with the following result:

1 year term—W. D. Doying, J. Herman, F. J. Waddell, James McGinnis, T. A. Chapin, Ollie Parker, Fletcher Blackburn.

2 year term—H. M. Capps, Cleon Bell, Harry K. Chenoweth, Paul Samuel, J. W. Walton, W. E. Boston, LeRoy Potter.

3 year term—Fletcher Hopper, H. L. Caldwell, George T. Lukeman, A. R. Taylor, Henry Frisch, Lloyd Vasconcellos, C. A. Johnson.

The committee's report was as follows: We, your committee, appointed to make suggestions for the reorganization of the Chamber of Commerce beg leave to report as follows:

I. The present club is duly incorporated under the laws of Illinois and we believe is sufficient for future purposes.

II. The present by-laws are, generally speaking, sufficient for temporary purposes. It is quite probable that some change will soon become necessary but in each instance this can be done as the exigency requires.

III. In accordance with the by-laws we thing it proper and necessary to select, (in addition to our already elected president and secretary) a vice president and treasurer and at the same meeting draw lots to determine the length of office of the present board of directors. Our by-laws provide that the board of directors shall be composed of 21 members, 7 of whom shall hold office for one year, 7 for 2 years and 7 for 3 years, hence a drawing by the members should determine what 7 members should serve from now until the next annual meeting in February, 7 more a year from next February and 7 more 2 years from next February.

IV. To us it seems that the dawn of a new era for Jacksonville is about to break. The war is over and with the return of our young men from victorious service we are rejoicing to take up added duties with renewed vigor. No one can gainsay that we have profited from our experience of the past two years. Our sons are bigger, better and stronger men. We, as individuals, have learned that co-operation in community affairs is absolutely essential and that the objector, the criticizer and unpatriotic fellow is a misfit and like a rank plant should be weeded out as soon as possible. The spirit of enmity existing among our citizens is gone and is replaced by a feeling of friendly rivalry.

No community has brighter prospects than Jacksonville. We have 17,000 people within our borders. We have a nation wide reputation for cultured people, institutions of learning, beautiful homes, picturesque streets, trees and an ideal Illinois climate. Jacksonville is located in the heart of one of the richest agricultural communities in the world. Its population is wealthy. A clothing and bridge factory, a car shops, a cigar factory, a packing plant, wholesale house and an insurance company sustain several hundred homes and the income from them brings many millions of dollars into our local clearing houses and banks from every state in the union. From the railroad standpoint we have four roads adequate for a city many times our

size. For many years we have limped under the handicap of an insufficient water supply and a rather chaotic condition in politics but thanks to the indefatigable efforts of our good citizens we will soon be able to boast of one of the finest water plants in Illinois and now we are able to point with pride to a mayor and city council on whom the people of Jacksonville have really united and who represent "Everything for the good of Jacksonville."

Prosperity stares us in the face. It will be our constant companion for the mere asking and slightest forward effort. What organization is more essential than an aggressive commercial club, made up of good live citizens? The present organization has done much good but there has been little appreciation shown. It is to be hoped that in future efforts will not be forgotten.

We suggest, therefore, one radical change. Heretofore the membership of our organization has been confined principally to merchants and a comparatively few business and professional men. Most of the energy of the organization has been directed toward business for the retail merchant but now we propose that the commercial club have for its general purpose the good of Jacksonville and community, that is to say the promotion of things which will be a general aid to the whole community rather than any particular class of business. If then the retail merchants, wholesalers or other class of business men desire to promote things which will more particularly effect their own trade or business they may be allowed to do so in a separate organization and work in conjunction with the Chamber of Commerce. If then this plan is carried out we think not only merchants, business and professional men but every good citizen in Jacksonville should be interested enough to become a member.

V. We would further recommend that the annual dues be fixed at \$15.00 per year payable in advance and that the payment of them be required promptly or the member dropped from the roll. Usually a man who will not pay his annual dues is an organization of this nature is of no benefit to the organization, the community or himself.

VI. We recommend that until full membership is obtained a competent woman be employed to do necessary clerical and detail work and that executive management be carried on by various committees to be appointed by the president.

VII. We further recommend that the committees on "transportation" and "Retail Commerce" be discontinued and that committees on "rural affairs," "finance" and "promotion" and "membership" be appointed. The last committee is highly important in order that our membership be present and active.

VIII. We further recommend that the present rooms of the Chamber of Commerce be retained at least temporarily. They are very desirable for our purpose and the rent is moderate.

Grace, Centenary and Brooklyn church unite in a mass meeting at Centenary Sunday night. Ministerial and lay speakers will present the great Centenary movement. Every Methodist should attend.

PLAN TO BEGIN WORK ON RESERVOIR TODAY

Informal Program Scheduled for
9:30 o'clock This Morning—
Contractor Walbridge Here.

This morning, unless the weather prevents, will mark the formal beginning of excavating for the proposed spillway. In observance of the event an informal program has been announced to take place at 9:30 o'clock. Members of the citizens committee on water supply, ex-Mayor Rodgers and members of the former city council, together with members of the present city council, are all expected to be present. An invitation is extended to citizens generally to witness the actual beginning of this very important undertaking. Those who attend are requested to assemble at the pumping station at the hour indicated and they will find a temporary structure which will make it possible for them to cross the Matuwaister to the spot where the work will begin.

John T. Walbridge who has the contract for the construction of the dam and spillway, arrived in Jacksonville yesterday and will be here for several days. His superintendent of construction, H. W. Costello, is expected in the course of a few days and will have direct charge of the work. Mr. Walbridge, who is a competent civil and consulting engineer, has a reputation for successfully and faithfully carrying out the contracts he undertakes and Jacksonville people who have met him have been impressed with his forcefulness and thorough understanding of the work in which he is engaged.

Mr. Walbridge is now engaged in making contracts for the various supplies which will be used in the construction of the dam and spillway. It has been impossible to give any extended notice of the ceremonial scheduled for this morning because it was not certain until yesterday that the work could begin today.

The Methodist of Jacksonville will meet at Centenary church Sunday night, May 11. Able speakers will present the Centenary movement. You are invited.

HAD A PICNIC

Mrs. Nellie Gunn conducted her class in the Westminster church Sunday school to a pleasant picnic in the Mayfield grove yesterday afternoon. A fine time was had by every one and the contents of the baskets were disposed of in good shape. Mrs. Gunn is a faithful teacher and at the same time takes a sensible view of life believing that a good time properly enjoyed is essential to the welfare of the young people.

Totals \$1,365,900.00 \$977,850.00

As the result of the Victory loan campaign yesterday, \$64,450.00 was added to the total and subscriptions for the county are now \$977,850.00. This is against the county quota of \$1,365,900.00. Chairman H. M. Capps in a vigorous statement yesterday called upon all citizens to join in this movement to secure subscriptions of \$388,050.00 in the five remaining days of the campaign.

This means that more than \$75,000.00 a day must be secured and the chairman and his assistants are rightfully anxious that the job should not lag.

They argue well that there is no use waiting until the last day to raise this sum which Morgan county is obligated to pay. If all the county would take the example of Concord, where on the first day of the campaign Chairman Kratz and his committee were able to report \$46,550.00, which was about 250 per cent of the quota, the job would have long since been done, the loyalty of Morgan county further affirmed and the people have a magnificent investment.

Arcadia, Markham and Sinclair precincts all sent in encouraging reports to Chairman Capps yesterday indicating clearly their intention to meet their full quota and not to wait until the final day. In the figures above quotas and subscriptions made thru banks of the county are indicated.

SEEK TO HAVE NO SUNDAY FUNERALS

Ministers Join in Request to the Public.

If a resolution adopted by the Ministerial association at the regular meeting Monday, is concurred in, there will be no more funerals held on Sunday in this city. An effort has been made by the ministers for some time past to dispense with Sunday funeral services and the resolution to this effect was adopted unanimously.

The undertakers at Fort Wayne, Ind., several years ago started a movement against Sunday funerals, the difficulty in securing coach drivers being their main reason for desiring the change. The rule was in effect for some time in the Indiana city but for some reason the people later returned to the custom of holding Sunday funeral services. Among cities where Sunday funerals are no longer held are Springfield, Peoria and St. Louis. The local ministers adopted this ordinance discontinuing Sunday funerals.

Resolved, That it is the conviction and judgment of this association that Sunday funerals should be dispensed with and that we hereby respectfully request the cooperation of the funeral directors and people of the community in the establishment of this custom.

ATHLETE WILL SCALE WALLS

Manuel Mandonza, athlete and acrobat of many years' experience is in Jacksonville. Yesterday he astounded a group of onlookers by climbing the side of the court house from the ground to the roof. Tomorrow afternoon at 1 o'clock and tomorrow evening at 7:15 he will give similar exhibitions at the court house, and if he can secure permission will climb up the side of the Ayers National bank building. Mandonza has a letter of recommendation from one of the war loan organizations, as he gave an exhibition in one city to start off the campaign. He has a group of photographs with him which well testify to his feats of daring and his ability to scale seemingly impossible walls. He has wonderful muscular strength and is of course also schooled in this class of work.

STOLE AUTO TIRES

Sneak thieves broke into the garage at the residence of County Treasurer Grant Graff on Diamond Court sometime Sunday night and made away with four new automobile tires. These tires had recently been purchased and were still wrapped. Thus far Mr. Graff has no definite clue to the guilty person.

THOMAS A. MANDEVILLE HEARD FROM

Mrs. T. J. Mandeville of the southwest part of the county has had a telegram from her son Thomas A., stating that he soon expects to be at home. The young man has been arduous service across the seas and has participated in a number of severe engagements and has gone over the top five times. He will be welcomed by a great many friends.

ABOUT THE FLY

People may be inclined to sneer at so much regarding the house fly and remark that it is strange our forefathers managed to get along so well without knowing these things. So did our forefathers get along without knowing what the mosquito will do for yellow fever and since that insect has been well nigh exterminated in yellow fever districts we hear little of the fever any more.

Especially is it important to begin now to exterminate the pests. We may use traps, door and window screens and a variety of articles. Particular attention should be paid to breeding places such as manure and garbage heaps. It is in these that the fly finds its best breeding place, where there are warmth and moisture. Small, slowly increasing piles of cow manure, garbage soaked earth are all good places for fly breeding. Nor does it answer to cover manure with dirt for the larvae of flies have been known to find the air after being buried six feet deep.

Fly traps are a good thing and there are many of them. A home made affair can be made with a piece of stove pipe, a nail keg or a barrel. Get a piece of wire screen, make it into a cone the base the size of the pipe or other article and the top terminating in a point with a small opening. Place this in the pipe or other receptacle, raise the base just a little, put the strong smelling sweet article just inside the base of the cone, cover the top of the keg or pipe and as the flies leave the bait they will invariably seek an outlet above and passing thru the small opening in the cone will not get back and may be destroyed at leisure.

It is estimated that a pair of house flies, if the first batch of eggs is laid April 15, will produce by Sept. 10, 5,693,613,559,320 flies. Placed end to end they would be 3,000,000 million miles long; or with thirty abreast would probably be 30,000,000 miles long or with thirty abreast would be a solid line a million miles long.

The Consumer and The Standard Oil Company (Indiana)

THE Standard Oil Company (Indiana) always has recognized the men and women who use its products as the ultimate judges of the success of the Company's earnest effort to render a superior service.

The Standard Oil Company (Indiana) conducts its business with but one goal as an objective—that every individual purchaser of Standard Oil products shall experience complete satisfaction with every purchase.

When the Company reaches this goal, then, and only then, will the Board of Directors, acting as Trustees for the 4623 stockholders, feel that their ideals have been realized.

Neither the Company, nor the patrons, can be satisfied unless the product is uniformly up to the highest standard of excellence—unless it can be bought without inconvenience—unless the price charged represents true value.

To bring about this degree of satisfaction, unerring accuracy in manufacture, complete distribution, and efficiency in keeping down operating costs are essential.

Working without precedent, but with high ideals, integrity of purpose, and a keen sense of its obligation as a public servant, the Company believes it has succeeded.

The judgment of the consuming public has been for the most part favorable to the Company, as is shown by the ever increasing volume of business which the Standard Oil Company of Indiana is enjoying.

The best friends of the Standard Oil Company of Indiana are those customers who have used its goods, and its service, for the longest time.

COMMENCEMENT WILL BE HELD AT WHITE HALL

—High School Exercises Will be Held Thursday Evening May 15—Mr. and Mrs. Ed Fisher Get Details of Death of Their Son in France—News Notes.

White Hall, May 3.—Commencement exercises of the White Hall high school will be held in the Princess theatre on Thursday evening, May 15, and the program will be made up of numbers by members of the class. There are thirteen graduates, eight girls and five boys, as follows: Eloise Strang, Harold Billings, Willis Pinkerton, Adeline Denham, Velma Mitchell, Alma Bradshaw, Helen Short, Faye Maberry, Helen Edwards, Curtis Griswold, Ethel Wenken, Everett Scroggins, Russel Roodhouse.

The board of education will meet next Monday night to authorize the issuance of diplomas to these graduates, and will also give further consideration to the employment of teachers for next year. R. G. Smith has already been retained as superintendent at \$167.00 per month.

A drama is being rehearsed by members of the alumni association for the annual gathering to be held on the 16th inst.

More About John E. Fisher's Death.

Mr. and Mrs. Ed Fisher are in receipt of additional information concerning the death of their son Private John E. Fisher, who was with the 75th Co., 6th Reg. Mar. in the fight in Belleau Wood, France, and there met instant death on June 10, 1918. The letter is from the bureau of communication, American Red Cross, Washington, D. C., and says:

"We have received a few more details concerning your son, and are sending them to you not that they add very much information to what we have already sent you, but we realize that every bit of news may bring some consolation to you. We are sending you the names and home addresses of these boys, so that if you wish to write to them you might secure some more intimate details concerning your son."

"Sgt. George E. O'Hie, whose home is at Sabinal, Texas, says: 'It happened as we were going through an attack at Belleau Wood between the hours of nine and ten. We ran right into machine guns. Informant saw Fisher killed, and knew him well, was his intimate friend, knew his first name and bunked with him in camp. All men admired him because he didn't smoke or swear.'"

"Pvt. Thomas B. Moore, whose home is at 136 Plum street, Detroit, Mich., says: 'I was standing right by his side when he fell, instantly killed. He was a very good friend of mine.'"

"Sgt. George E. O'Hie, whose home address is 649 Townsend avenue, Detroit, Mich., says: 'Fisher and I reached a small clearing together, and both ran for a pile of lumber the Germans had left for fire wood. He was ahead of me and I called. Look out there, duck down or they will get you. Just then a machine gun bullet struck him. He did not suffer, for he was gone in an instant. Fisher and I were together a great deal. He was a prince of a fellow; a finer boy could not be found.'"

"You are very fortunate indeed to secure these intimate details, for so often now our overseas searchers have been unable to find any one who knew the soldier about whom we were inquiring. We know you are proud of this son, whom his comrades say was a prince of a fellow. Recently we think of the sacrifice you have made to our country through your son. May the memory of his faith, courage and loyalty strengthen your own spirit and help you bear this heavy burden. The Red Cross deems it a privilege to be of service to you. It may take a long time for the photograph of his grave to reach us, but since it has been promised we know that it will come, and just as soon as it reaches this office it will be forwarded to you."

The letter is signed by W. R. Castle Jr., Director.

Monthly Weather Summary.

The April summary of weather conditions by R. B. Pearce, cooperative observer of the weather bureau, shows that there was a deficiency of moisture, the total precipitation for the month being 1.82 inches, a departure of 1.75 inches from normal. The greatest fall in 24 hours was 0.47 inch on the 22nd. There were ten days with 0.01 inch or more precipitation, eleven clear days, nine partly cloudy and ten cloudy days. There was a trace of snow on the 16th. Thunder showers occurred on the 9th, 14th, 22nd, 23rd, 29th and 30th.

The mean temperature was 55.5 degrees, a departure of 2.1 degrees plus from normal. Mean maximum, 67.7; mean minimum, 43.4. The highest was 81 on two dates, 22nd and 23rd, and the lowest 21 on the 1st. A killing frost occurred on the 26th, affecting unprotected tender vegetation, and peaches and cherries and grapes were damaged.

White Hall Notes.

S. Rimbey, proprietor of the White Hall greenhouses, is developing a fruit farm in the Oak Grove neighborhood, four miles northwest of White Hall. He has already set out two acres of strawberries. He anticipates moving to the farm as soon as he can make provision for the conduct of the greenhouse business in town.

Oscar Davis has disposed of his household goods, and is now free to spend his time as he desires. After a few weeks in Missouri, he will go to East Moline for a stay with his daughter, Mrs. Scott B. Evans, and thence to Springfield, where his son, F. Stuart Davis, resides.

Miss Grace Simonds has suffered a nervous collapse following a long siege of attention upon the sick, and is under treatment at the Norbury sanitarium in Jacksonville, and she is improving nicely.

Mrs. J. L. Hibbets of Charleston, Mo., is a guest at the home of Mrs. Sarah Wendell.

DISCHARGED FROM ARMY

The many relatives and friends of Private Charles F. Davis will be glad to know that he has received his honorable discharge and is at the home of his parents, Mr. and Mrs. Sam P. Davis, residing west of the city.

Private Davis left Morgan county with the 2nd contingent of soldiers. He was assigned to the Medical Department, 84th division with many other Morgan county boys, with which he was fortunate to stay with until after the armistice was signed then the company was split up and Davis was sent to Montclair, France, being one of the assistant cooks in the camp hospital at that place. He served about 7 months overseas, but did not get into the fighting although he was close enough to hear the roaring of the guns. He sailed from St. Nazaire, April 14th, on a captured German vessel, Princess Matoika, on which there were 4,081 passengers landing in the States April 27th.

Private Davis spent about twenty months of army life and liked it fine, but was glad to be home again with his parents.

NOTICE TO AUTO DRIVERS

Being a tax payer of this city and county and feeling that I have some rights on the streets, I take this opportunity to warn auto owners and drivers that, having had two narrow escapes at the hands of careless drivers recently, the next time I have such an experience and the car driver does not stop to see what damage is done, and I am not crippled to badly, I expect to stop such car driver with lead, unless my gun fails me. If we collide accidentally with someone we ought to show the courtesy of stopping and inquiring what damage has been done and to render what aid is possible.

Since our streets are dark and speeders seem to be without limit and we are left without protection, I believe it is right to protect ourselves.

A Citizen and Taxpayer.

JACKSONVILLE METHODISTS.

A rehearsal will be conducted by Mr. H. A. Littler at Centenary church next Saturday evening, May 10, for the great Methodist Rally to be held next Sunday evening. All the singers of Grace, Centenary and Brooklyn churches and any others who will join a chorus choir for that occasion are asked to attend this rehearsal next Saturday night at 7:30 o'clock.

Reading advertisements sometimes lead to money spending; reading our little "Adlets" most always means money saving. You may see in our weekly bargain bulletin just what you want and always at a lesser price.

A few of these were from last week. Bad weather accounts for that. It may be your luck, we hope so. Remember our re-finishing department. We do this kind of work in a manner that pleases—better still at a price under what you expect or have paid for such service.

- 1 Round Pedestal Table, all oak, standard make and high grade, \$25 val.—refinished . . . \$16.00
- 1 Square Table, all oak, 4 in. legs, refinished \$10.00
- 1 "Pathe"—regular \$60.00 phonograph—both reproducers for all records. A standard highest grade machine. New! Guaranteed . . . \$36.00
- 1 Mahogany Settee and Arm Chair to match, reupholstered in Spanish int. leather—worth twice what we ask. This week . . . \$15.00
- 1 75 pound highest grade Refrigerator, as good as new, lined with stone throughout, white finish, refinished outside. New cost double what we ask . . . \$27.50
- 1 Dresser, white marble top, large perfect mirror, refinished. Worth two cheap new dressers . . . \$12.50
- 1 Secretary Desk, walnut, bookcase above desk, perfect condition, refinished . . . \$14.50
- 1 Oak Dresser, fair condition, refinished . . . \$10.00
- 1 Baby Carriage, English perambulator, in good order, upholstery good . . . \$13.50

Remember, we buy as well as sell. If you have something and want a fair price for it telephone Illinois 215.

Remember we do refinishing at prices that please.

To the men on the farm who need clothes this spring

There's one thing you want to be sure of when you buy clothes—you want to know that they're good.

That isn't so easy if you depend on the looks of the clothes; they are all made to look nice—if they weren't nobody would buy them.

No, "looks" alone don't make clothes — though style is an important part of it.

The big thing is the part you can't see; the tailoring inside; the interlinings; the all-wool fabrics. Those things give you the wear; the service.

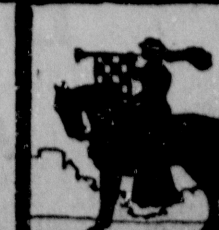

At this store you can be sure you're getting the best of all of them; we sell Hart Schaffner & Marx clothes, which are as good inside as they look outside.

All-wool fabrics for long service; careful tailoring; good style; a guarantee of absolute satisfaction or your money back.

It's Refrigerator Time

The days are getting warmer every week and the milk sours and the butter melts, no matter where you put it. It's time to begin taking ice, and of course that means a refrigerator.

Let us show you the "LEONARD CLEANABLE"—the one which we honestly believe combines all of the good qualities necessary in a satisfactory refrigerator. We have several styles and many sizes.

THE "LEONARD CLEANABLE"
Made of Northern Ash, weather seasoned, dry and odorless. Finished in a beautiful rubbed Golden Oak color.

Why We Recommend "Leonard Cleanable"

It has a scientifically planned cool, dry air circulation that insures proper refrigeration.

It has seven walls arranged to secure the greatest benefit from mineral wool lining, dead air spaces and insulating papers — the three greatest non-conductors of heat. This means ice conservation.

Every board and panel used in its construction is tongued and grooved to its neighbor, which means that all joints are tight and true and practically air tight—that helps save ice.

It has the patented removable cleanable Tubes, highest grade interior finish, beautiful rubbed and polished outer case—everything to make it satisfactory in use, and its possession a source of pride to its owner.

NATION-WIDE MEMORIAL SERVICES FOR DIRECTOR OF RED CROSS NURSES

Washington — Memorial services in recognition of the services to humanity of Miss Jane A. DeLano, director general of the Department of Nursing of the American Red Cross who died at Savanney, France, April 15 will be held throughout the United States Wednesday evening, May 7. Under the plan announced at National Headquarters, exercises will be conducted by each Red Cross division office and under the auspices of numerous chapters and local committees.
At these services prominent speakers will tell of Miss DeLano's career as a nurse, the influence of her work upon the medical profession and her endeavors in behalf of mankind thru the American Red Cross, only one feature of which was her supervision of the recruiting of 30,000 nurses for war services. In view of Miss DeLano's help in securing the early public service the memorial exercises, so far as possible will be held in public buildings.
In the preparation for this nationwide tribute to a woman who accomplished so much for her country and the world there runs a distant note of pathos. At none of the services will a kinsman of the dead nurse hear the words of love, sorrow and eulogy for she was the last of her family. Her passport application, filed a few months ago contained on the line left blank for "nearest relative" the name of a comrade nurse.

BAD BREATH

Dr. Edwards' Olive Tablets cure the Cause and Remove It
Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.
Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which danger, calomel does without any of the bad after effects.
All the benefits of tasty, sickening, griping calomel are derived from Dr. Edwards' Olive Tablets without giving any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowels and liver complaint, with the attendant bad breath.
Dr. Edwards' Olive Tablets are pure, a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

Kansas City Market...
Kansas City Stock Yards, May 5.—Notwithstanding a material decline in prices of fat cattle last week, demand for stock and feeding steers remained large and prices were firm. Countrymen express confidence in the future price of fat cattle and are buying accordingly. In a number of instances, feeders outbid killers on heavy

Why They Quit

In November last a message was flashed from the German Front to Berlin that it was useless, hopeless, to fight any longer. America was ready to smash the German armies.

It was true. For every ton of mustard gas the Germans possessed America had ten tons ready for shipment. Soon America would have had a tank on every seventy-five feet of front. Thousands of batteries of guns would soon have been placed, where we had none before.

By making these preparations and letting the Kaiser know what was coming we ended the war, and saved the lives of thousands of American boys, who would otherwise be fighting and dying in the trenches today.

This is what we want you to pay for by lending your money to the Victory Liberty Loan—American boys' lives. You will not fail to respond to this kind of appeal. From a sense of duty, and in a spirit of gratitude, you will invest in the
